

Lee's Pharm was honored at 2011's Forbes Asia "Best Under A Billion" Award Ceremony

Lee's Pharmaceutical Holdings Limited ("Lee's Pharm or the "Group") was awarded as one of the "Best Under a Billion" companies by Forbes Asia, at a glittering award dinner and ceremony held on November 10th at the Four Seasons Hotel, Hong Kong.

Forbes editors picked 200 companies out of a universe of 15,000 Asia-Pacific companies with actively traded shares and sales between \$5 million and \$1 billion. Of these, selection of the final 200 with entrepreneurial characteristics is based on earning growth, sales growth and shareholders' return on equity in the past 12 months and over three years.

Dr. Benjamin Li, the CEO of the Group, received the Award on behalf of Lee's Pharm at the ceremony. "We are extremely honored to be selected by Forbes as Asia's top 200 companies and to share the stage with some of the Asia's best and fast growing companies," said Dr. Benjamin Li. "This achievement is one more example of growing recognition received by the Group for its stellar performance. It gives everyone in the Group a great pride and motivates us to strive for better return to our shareholders in the future."
