Released on 23 December 2021

Dr. Li Xiaoyi, the founder and Non-Executive Director of Lee's Pharmaceutical Holdings Limited (“Lee's Pharm” or “the Group”) was recognized as an Exceptional Talent in Guangzhou Nansha New Zone (Free Trade Zone), with an award certificate of merit in the High-Level Talents.

The High-Level Talents of Guangzhou Nansha New Zone (Free Trade Zone) is categorized into exceptional talents, brilliant talents and young reserve talents. While evaluation and assessment in applicants carried out by the Talent Development Bureau of Guangzhou Nansha Development Zone, a certificate is issued to the recognized high-level talents. Nansha District focuses on developing innovation and technology industries such as artificial intelligence, biomedicine, new generation of information technology and new energy. With a view to attracting high-quality talents who can support Nansha's development as a high value-added and diversified economy, the scheme provides incentives including housing allowance, referral bonus and government support funding towards science and technology projects.

Lee's Pharm established its production base in Nansha, Guangzhou since 2012. With more than 300 researchers, the investment in pharmaceutical research projects by the group has been increased substantially. Dr. Li Xiaoyi expect that the agglomeration effects for biopharmaceutical enterprises in the Nansha industry cluster would facilitate the development of biotechnology in providing innovative products to fight diseases and improve health and quality of human life.
