

Lee's Pharm in-house product Yallaferon[®] was honoured with “2021 Biopharmaceutical Excellent Brand” Award

Released on 29 December 2021

Hong Kong, December 18, 2021, the 8th General Assembly and 2021 Annual Meeting of China Pharmaceutical Industry Association was held successfully in Jiangxi building, Beijing. Yallaferon[®], Interferon α 2b Gel, the in-house proprietary product of Lee's Pharmaceutical Holdings Limited (“Lee's Pharm” or “the Group”) was honoured with “2021 Biopharmaceutical Excellent Brand” Award.

China Pharmaceutical Industry Association issued the 2021 awards of “Role Model of Charitable Enterprise”, “The Best Socially Responsible Enterprise”, “Biopharmaceutical Excellent Brand” and “Excellent Partner of Biopharmaceutical Enterprise”. The Group's flagship product Yallaferon[®], Interferon α 2b Gel honoured for its uniqueness with the award of “2021 Biopharmaceutical Excellent Brand”. As a research-driven and market-oriented biopharmaceutical company, receiving this honour is a positive affirmation for the strength and innovative spirit of Lee's Pharm.
